WOMANLY

A sweet woman, the picture of health, speaking with enthusiasm, said, "I don't see why you do not send out women to talk to women about the merits of

Pabst Malt Extract. The "Best" Tonic. There are so many women that are run down, with nerves shattered, with a lack of vitality, feeling a sort of restless indecision which is an outgrowth

of over-exertion. If you could only get a woman who knows as well as I do how "Best" Tonic will build one up, and who has enough earnestness to tell them about it, you would certainly have largely increased sales. There is Mrs. —, who was as thin as she could be, and her poor little baby, puny and undeveloped. I told her about "Best" Tonic. In three weeks you ought to see the difference. The improvement is something great; mother and baby both feel it and show it."
